Pays	Allemagne

PRODUITS OU MACHINES

The scope of products comprises tempering units and equipment with various circulation media for the heat transfer, heat exchange systems and compact cooling units. Our products cover the complete program of tempering and cooling within the capacity spectrum combined with the realization of a high number of special equipment. Basically we design and manufacture units and equipment which are especially build according to requests and specification of our customers. They are used in many industrial areas with great success. Their reliability and the knowledge of the high quality of the "KELVIPLAST" equipment is the reason why they found buyers all over the world.

Plastics

Single and dual screw extruders, in-line extrusion systems, foam extrusion, film extrusion lines (blow film extrusion, cast film lines, thermoforming sheet lines, extrusion coating), fleece plants (spunfleece, melt blown), plastic calenders, granulating equipment, injection moulding technology, mould temperature control

Rubber

Extruders, extrusion plants, rubber calenders, mould temperature, control, profiling plants, rotary presses, equipment for manufacturing V-belts, mixers, tread plants, cooling sections

Coating

Film coating, vacuum film coating, glass coating, Coating of architecture glass and solare modules, metal coating

Chemicals

Double-wall mixers, temperature control for reaction vessels, temperature control for galvanising baths, Equipment for the toxic element reduction of condensation

Miscellaneous

Preparation of edible oils, printing machines, paper manufacturing, pharmaceuticals, mould temperature control for casting plants, Oil-and Gas industry, Server cabinet cooling, cooling for frequency converter and switching stations of wind energy plants, ship engines (optional for ship approval acc.to DNV, ABS, KRS, RINA, GL), steel mill drives , turbines, gas-compressors, high capacity hybrid cooling plants for direct process cooling, decarburization

Company Profile of Kelviplast GmbH & Co.KG

A service of glasssglobal.com, an affiliate of glasssglobal group.
