WHAT WE OFFER OUR CLIENTS

Besides the variety of products on glasstools.ro, we took the mission of delivering fast and with the utmost care for our clients' needs. We believe the consumer's experience is at least as important as the product's quality and we thrive constantly to create and maintain a pleasant experience – online, as well as offline – for each and every person/company that we come in contact with. At the same time, we want to build long term business relations that are mutually beneficial and to become the main glass tools providers in Romania and Eastern Europe.

WHERE WE WANT TO GET

We aim globally, but focus our efforts on the local market. Starting from the idea of a dynamic business, we see the relationships with our partners and competitors through a filter of integrity, mutual respect and a fast-problem-solving attitude towards our clients.

Our goal is to form a network of companies and people working in the glass industry, whose interactions will create a great environment for innovation, quality production and business success. Ultimately, we want to be the core of a healthy mechanism of demand-offer in the field.
