Custom Services for Distributors and End-Users

- ISO Certified
- Fast Deliveries
- Label Design
- Packaging
- Sieve Testing
- MIL products

The Rose Mill Company is an ISO 9001:2000 certified manufacturer and processor of industrial chemicals and chemical specialties. We have the capacity and experience to custom mix, pulverize, package, and label inorganic chemicals, oils, silicone fluids, and lubricant additives to your specifications.

We process small projects and large projects for companies in our neighborhood as well as our customers overseas. Quick deliveries are usually available. You can use material provided by Rose Mill or we will gladly process materials delivered to us. Contact your sales representative today for detailed capabilities, pricing, and delivery schedules.

- ☐ **Blending:** silicones, oils, water-based products and lubricant additives
- ☐ **Labeling:** small-large quantities, professional printing and design
- ☐ **Lump-Breaking:** reclaim value from your lumpy, caked materials
- ☐ **Mixing:** dry powders & granular material
- ☐ **Packaging:** Ounces to tons, in bottles, paper/poly bags, fiber drums, steel drums, bulk sacks and totes
- ☐ **Pulverizing:** custom powdering of inorganic granules
- ☐ **Sieve Analysis:** test the particle size of your material
