Pays	Indie

PRODUITS OU MACHINES

At SCHOTT KAISHA, we don't for a moment forget the sanctity of the business we are in: The business of packaging healthcare, and of carrying precious medicines to millions, spreading hope and often, saving lives.

Our responsibility becomes that much larger because we have over 5 million ampoules, vials, cartridges and syringes leaving our factory daily – each on its own mission of healthcare.

Naturally, if we have been given this responsibility by some of the most discerning pharmaceutical companies in the world, it is because they realize that we have adopted the most advanced concepts of manufacturing in India. We have systems and quality norms that fall in line with international guidelines (ISO 9001) and technologies that can keep pace with their demands. And a spirit of innovation that constantly looks at newer forms of value addition and higher forms of customer delight. No wonder then, that our clients see us for what we really are: a partner committed to their own standards of healthcare.

Further, in co-operation with SCHOTT Pharmaceutical Packaging we offer innovative solutions like
SCHOTT Type I plus® - Coated vials for sensitive drugs
SCHOTT TopLyo™ - Pharma Packaging for Freeze-Dried Drugs
SCHOTT TopPac® - COC prefillable syringes
