PRODUITS OU MACHINES

AARYA ENGINEERING FZC is a United Arab Emirates based engineering service provider for various industries in Middle East since the year 2005. We specialize in

- Fabrication of pressure vessels, tanks and furnaces.
- Fabrication and installation of pressure piping (CS & SS), pump house piping, non-critical and utilities piping & shop fabricated manifolds / piping spools.
- Fabrication and erection of cryogenic tanks, heavy steel structures, pipe rack, and equipment support.
- Erection and commissioning of package units, customer supplied equipment including laser alignment.
- Mechanical turn-key jobs for Air Separation Units / process industry.
- Fabrication and erection of heat recovery systems etc.
- Fabrication of process skids, base frames and skids for general engineering applications.

Our collective expertise comprises of professionals in the field of Engineering Design, Fabrication, Plant erection, Project Execution and Quality Assurance.

The combined experience of the promoters exceeds 100 years of service in the Middle East, India and Oman.

Perfection in design, accuracy in machining and fabrication, on time project execution, zero compromise on quality / specifications, adherence to best engineering practices for Technical as well as Health and Safety management are the key functional focus of our company. We strongly believe in customer centric approach in all our business processes.

We thank you for your time and interest. Please do not hesitate to contact us for any further clarification or information that you may require. We represent the following companies in GCC for Glass Industries:

- RHI GLAS GmbH – Germany for complete glass plant refractories
- FOSBEL EUROPE GmbH – Germany for Hot repairs & Ceramic Welding
- BASF Temperature Sensing Division – EU and USA
- FORMA GLAS GmbH – Germany for machinery for Glass tableware
- PSR Parkinson Spencer Refractories Limited - UK
- TMI Taiwan Mould Industrial Co., Ltd - Taiwan
- ROTHSTEIN GmbH Metal Conveyor Belts – Germany
- ERMI Glass Control, Spare parts + Refurbishing Machinery – France
- IRIS Inspection Machines - France
- ROSARIO – Holland for Glass Decoration machines
- Global Oven Systems – Holland for Annealing Lehr
- IMACA Bv – Holland for Hot End / Cold End products

* Float Glass Consortium Ltd - United Kingdom

We also represent the following company in GCC for Steel / Cement / Material handling Industries:

- GSB GmbH – Germany for all types of monolithic refractory lances, Pre-cast shapes, ready to fit RH Degasser Snorkels, CAS-OB Bells, slag skimmers, Laddle Lip Rings, Purging plugs, Seating Blocks, Nozzles, Refractory wall panels, Various Tundish Furniture and Wear resistant flexible Elbows for pipelines handling abrasives.
