## PRODUITS OU MACHINES

**Cast glass rolling machines:** Cast glass rolling machines for continuous operation to produce Solarglass as well as figured, rough, wired and coloured glass.

Equipment for Flat Glass Production, Sheet glass drawing machines, FOURCAULT system and PITTSBURGH system for drawing flat glass in all required glass band widths. Sheet glass drawing machine, DOWN-DRAWING system with OVERFLOW and DEBITEUSE technology. Wire-mesh tearing devices for wired glass, Mechanical equipment for roller annealing lehrs. Stirrer mechanism for fining process. Surface grinding and polishing machines for grinding and polishing flat glass, especially for special purposes, Special machines for the production and processing of glass. Grinding wheel spindle heads (crystal glass grinding machines) for diamond wheels, Circular sawing and grinding machines for firebricks etc.

**Glass cutting lines for cast glass**

## HISTOIRE DE L'ENTREPRISE

FICKERT + WINTERLING have been making glass processing machines for over 100 years. The technical know-how and competence in building customised machines is highly appreciated in the glass industry worldwide. FICKERT + WINTERLING's commitment to constantly creating new, innovative techniques is on the cutting edge of the industry. Machines built by FICKERT + WINTERLING excel by their high efficiency and productivity, as well as by their outstanding dependability and long service life. A broad range of products has been established to meet the requirements of large-scale industries and workshops alike. The future-oriented modular design of the machines enables you to readily respond to new market trends and demands. FICKERT + WINTERLING is the perfect partner when it comes to comprehensive technical advice, detailed planning, assistance in finding the machine that best suits your needs. Besides our standard range of machines, we manufacture machines that are tailored to your specific requirements, in regard to design and size. With us you get complete production lines from one source. And special machines.

### Company Profile of **Fickert & Winterling Maschinenbau**
