PRODUITS OU MACHINES

cm.project.ing GmbH is a company for engineering and project management in industrial facility design, particularly in the field of glass production (hollow glass containers, plate glass, fiber glass).

The engineering sector concentrates primarily on glass production, compressed air, utility supply and the entire sector of facilities designed in the fiber glass and hollow glass industry. In the area of project management, we provide services for all major industrial projects in facility design.

HISTOIRE DE L'ENTREPRISE

We consider ourselves to be a complete project engineering team which adapts the specific project organization to the customer's requirements. Custom made (cm) is therefore not only a part of our company name but also a supporting pillar of our company policy.
